STEP  
03

The device will  
**SHOW YOUR  
TEMPERATURE**

## LED LIGHT INDICATOR

Blue - Below Normal -  $< 36.0^{\circ}\text{C}$  |  $< 96.8^{\circ}\text{F}$

Green - Normal -  $> 36.1 - 37.7^{\circ}\text{C}$  |  $> 97.0 - 99.8^{\circ}\text{F}$

Red - Fever -  $> 37.8^{\circ}\text{C}$  |  $> 99.8^{\circ}\text{F}$

### Caution :

Temperature reading of 35-36 C (Below Normal), might be a result of an exerted body or sweaty-cold forehead. In this case allow your body to relax to it's normal state, wipe off sweat and re-attempt, upto 3 times only.
